Highlights

Shock-absorbing case
This case is made out of thermoplastic polyurethane, which is a high-performance elastomer, to add both grip and shock-absorption in one unique case.

Crystal clear screen protector
The crystal-clear film adds an invisible layer of protection against scratches and dust to your device's display screen. It works using static adhesion, so it's easy to apply and remove without leaving any sticky residue.

Wrap-around protection
The material of this case wraps around from back to front, providing protection for the corners and perimeter of your device's face.

Protection in an instant
This case is made from a durable material that is custom-made to fit your device perfectly. The case is quick and easy to put on and adds a layer of protection to your device.
